## Web proposal

It is a pleasure to contact you to offer a modern, efficient, and professional web solution, aligned with the best practices of software engineering.

I will design and develop a website that represents your brand, provides an engaging user experience, and contributes to achieving your commercial and digital communication goals.

My work approach guarantees:

- ✓ Quality
- ✓ Security
- ✓ Traceability
- ✓ On-time delivery

# { Diseño centrado en ciudadanía

## Website Development and Hosting

The service includes:

- ✓ One-Page responsive website design
- ✓ Free .COM domain during the first year
- ✓ SSL certificate (https://) for site security
- ✓ Custom sections according to your requirements
- ✓ Optimized photo gallery
- ✓ WhatsApp contact button for instant communication
- ✓ Functional contact form linked to your email
- ✓ Accessibility for seniors and people with disabilities
- ✓ Basic SEO configuration (Google Search Console)
- ✓ Integration with social networks
- ✓ Managed hosting during the first year
- ✓ Performance and accessibility testing

### Work Methodology

I work using agile methodologies, ensuring constant communication and visible progress:

- 1 Initial meeting – defining clear objectives
- 2 Preliminary design – client feedback and adjustments
- 3 Functional development
- 4 Testing and joint review
- 5 Website publication
- 6 Delivery of admin access and project backup

## { Diseño centrado en ciudadanía

### Investment

Item	Price
Website development (One-Page)	€300.000
Managed hosting (Option 1)	€120.000 / year
Managed hosting (Option 2)	€10.000 / month

### Important notes

- 1 The domain must be renewed annually and will be the client's responsibility starting from the second year.
- 2 A 50% deposit is required to begin development.
- 3 The final delivery includes a basic admin manual.
- 4 Future updates or new features will be quoted separately.
